

UNIVERSITY OF TECHNOLOGY AND ARTS IN APPLIED SCIENCES IN WARSAW (ATA)

FACULTY OF ARCHITECTURE

We are pleased to inform that
International Artistic-Scientific Conference
KRAJart 2025

on
SPECIAL ELEMENT IN ITS SURROUNDINGS – LIGHT
will be held on 20 - 23 September 2025
in KOŁOBRZEG

The conference theme focuses on the effects of human activity in the artistic, social and technical spheres, as well as the activities of nature, which can be perceived as a special element in its surroundings. In this edition of the conference, we encourage you to pay attention to the role of light at the stage of creating and presenting works of art, as well as in the implementation of various processes in the sphere of architecture and landscape architecture.

The authors' research should concern selected issues from the list below:

- Shaping architectural works (architectural objects, small architectural form, interiors, design) with respect for the principles of sustainable development
- Interweaving of cultures, trans-border culture
- Man vs. space
- Sustainable and inclusive design
- The influence of the environment on human behavior, learning processes and physical and mental well-being
- Enhancement of the place and structure and the role of aesthetic shaping of the surroundings
- Shaping live nature
- Creating works of art and their exhibition
- Shaping the surroundings of works of art
- Highlighting particular landscape elements..

We also propose, for the first time as part of the KRAJart conference series, submitting papers on the methodology of teaching subjects in the field of fine arts in the light of the opportunities and threats associated with new technologies.

We invite both scientists and artists from Poland and abroad, educating future designers, as well as active architects and urban planners, landscape architects, interior architects, design designers and other fine arts artists, to participate in the conference. The conference is intended as a forum for the exchange of ideas and views based on the presented papers. A one-day artistic plein air workshop will be held during the conference.

Conference participation cards and abstracts of papers including name and surname of authors, place of their employment, title of paper and content, not exceeding A4 page should be sent till **30/04/2025** to the e-mail address: kraj-art@akademiata.pl.

Full texts will be published in the conference materials (in an electronic version).

After the conference papers selected by Scientific Committee that fulfill scientific criteria will be published in reviewed and scored journals like Builder, Mazovia Regional Studies, etc.

Full text of papers should be sent till 20/06/2025 by e-mail to the e-mail address: kraj-art@akademiata.pl

Requirements as regards formal characteristics of paper are available on the website of ATA www.akademiata.pl in the bookmark University/scientific activity/Conferences /Uczelnia/dzialalnosc naukowa/konferencje/
